Compact Toploader in modern optics

This compact Toploader allows you to be flexible for any business appointment.

The cushioned and lockable Notebook compartment reliably protects your computer. In the cushioned and expandable universal compartment you will find enough room for your printer or beamer and documents. Other documents can be placed in the integrated two-fold document compartment. The workstation in the front pocket creates order in the chaos of your mobile phone, pens, business cards and more. Power supply units and cables can be easily placed in the specially designed compartment underneath. The comfortable carrying handle, the cushioned shoulder strap as well as the trolley fastening gives you very flexible transport options.

The modern material mix, the glossy black interior lining as well as the high-quality zipper make this bag a really eye-catcher!
